

The Traveling Public

recognize the digestant qualities of a high-grade beer while eating and as an invigorant when travel weary.

On the dining cars of America more

Budweiser

The King of All Bottled Beers

is served than all other beers. Budweiser is a friend of the traveler because it soothes fatigue and is a shield against ill-health.

The popular verdict of the people is the best evidence of Budweiser's superiority. More Budweiser is used in American Homes, Hotels, Clubs and Cafes, on Ocean and Lake Steamers than any other two brands of bottled beer combined.

CAUTION: To guard against deception and substitution, see that the cork is branded "BUDWEISER" and that the "Crown Caps" bear the A and Eagle trade-mark.

Bottled Only at the
**Anheuser-Busch
Brewery**
St. Louis, U. S. A.
CORKED with CROWN CAPS

BUDWEISER served every-
where, at all first-class hotels,
clubs, cafes and bars.

Budweiser is Served at All Hotels, Restaurants and Bars.

COUNTY CLUB WILL HELP CELEBRATION

Board of Directors Appoint
Committee on Sports—Will
Hold Open House

At the meeting of the Board of Directors of the Warren County club last night the committee appointed on County Club sports for the Fourth of July celebration by the Board of Trade was also appointed as the committee to be representative of the club in connection with that celebration.

In addition to taking such action, the directors decided that on this occasion the club should practically hold open house and would do all that is possible toward contributing to the general success of the affair.

The general business before the board was of the routine nature, except that several new members, including life members, were elected. The bills were audited and approved and the general appropriations made as usual.

A letter was read which had been received from the sports and pastimes committee of the El Paso County club, inviting as many as possible of the Warren club members to visit the El Paso city on the occasion of the opening of the new home of the El Paso Chamber of Commerce and to make up matches on the El Paso golf links. This letter was referred to the proper committee.

McELVENEY-MOTZ.

A pretty home wedding was performed at the home of Mr. and Mrs. D. E. Curry on Quality hill, last evening at 7 o'clock when Miss Florence C. McElveney became the bride of Ralph L. Motz, the ceremony being performed by Rev. J. S. Fry.

Mr. Motz is assayer in the office of Smith and Laird and his bride came from Butte, Montana. She was met at Benson by the groom's father and brother and they were driven to their new home in this city, which gave rise to a premature announcement of the wedding in the evening paper. The happy couple will make their home on Clawson hill.

BISBEE'S HEALTH IS FINE JUSTICE SCORES ATTORNEY

Sanitary Officer Elliott Gives
City Clean Bill of Health
For June

DREADED SUMMER DAYS
ARE FEARED NO LONGER

Just two inferior cases of typhoid fever throughout the community may be looked upon as a pleasing criterion of the healthful condition of Bisbee. Not in the history of the mining camp has such a record been established, records proving that June and July have always been more or less feared on account of the contagious and infectious diseases of that time of the year.

An investigation of Bisbee's healthful condition shows that the direct cause may be traced to the willingness and promptness of the citizens to make proper and immediate sanitary improvements. June has started out with a total of fourteen new connections to the city sewer. May had a total of twenty-five and statistics show that there are now 322 houses connected, all told.

An additional complimentary notice of Bisbee's excellent health conditions, it is stated that the two cases of typhoid fever have been traced directly to the drinking of impure water secured from far up in the Tombstone canyon. This statement made by Sanitary Officer Elliott yesterday afternoon gives the city a clean bill of health.

"Not since I have been connected with the city in an official way has Bisbee been in such a healthful condition as at present," said Mr. Elliott. "Previously, Bisbeites have always dreaded the arrival of the hot months as it always meant that there would be more or less sickness. There remains just one extension of the sewer to be looked after, out west along Tombstone canyon, but of course, these improvements cannot be made all at once. We certainly have every reason to be proud of Bisbee, especially from the standpoint of health."

KATIE STRAYS FAR FROM GOAT RANCH

Katie, the two-year-old daughter of Mr. and Mrs. Jossy, who reside on a goat ranch, five miles west of Bisbee, alarmed her entire community yesterday afternoon when she decided to make some explorations on her own hook. The child disappeared at the noon hour while the mother was busy with household duties and the father was absent from home.

At four o'clock she was still missing and an hour later word was brought into Deputy Sheriff Will White by a Mexican with a request that he assist in the search. The sheriff and Constable Twomey arrived at the Jossy home about dark, soon after which Katie was found by a goat herder on Juniper flats where she was using sticks for dollies and having the time of her life.

Y. W. C. A. CLUBS

One of the interesting features of the Y. W. C. A. work is the junior department work which is carried on in the form of clubs. These clubs are composed of girls under the high school age for which the summer meetings have already been planned. The clubs will meet regularly during the summer vacation of the schools with such work as sewing, practical talks and literature. The classes are named and divided as follows:

Cozy Corner club, girls thirteen years and above, meet every second and fourth Friday of the month at 3:30 o'clock.

U. W. S. club girls, eleven and twelve years of age, meet second and fourth Mondays of the month at 3:30 o'clock.

Clover Leaf Club, girls nine and ten years of age, meet first and third Thursdays of the month at 3:30 o'clock.

Daisy Circle club, girls eight years of age and younger, meet first and third Mondays of the month at 3:30 o'clock.

GOOD JOB FOR WIRELESS EXPERT

WASHINGTON, June 5.—A \$5000 job in the bureau of equipment of the navy awaits the wireless telegraph expert who stands highest in the examination conducted today by the civil service commission. It is the first time that an examination has been held for a wireless expert. The successful applicant will be given charge of the laboratory, which tests instruments pertaining to wireless telegraphy and develops special methods of wireless signaling.

AMUSEMENTS

Fitzsimmons' Arrival, a very laughable farce comedy with some very clever musical interpolations, was the bill presented at the Orpheum last night by the Reed and Arbuttle company. The situations were extremely funny and the home was in one continuous roar of laughter during the entire piece. Mr. Reed as Fitzsimmons was very funny, and the Harigan number, introduced by him and the chorus was heartily enjoyed. Yip-I-Adee-I-Aye, the famous song now the rage in the East, was presented for the first time last night and will, no doubt, become very popular. The bill will again be repeated tonight.

Sentence and Fine Imposed
Which Later Are Suspended
By Justice Burdick

DAY'S BUSINESS IN
MANY LOCAL COURTS

Attorney John W. Ross, appearing for Ella Saarnen in Justice Burdick's court yesterday afternoon, wherein the defendant was charged with attempt to dodge a board bill, was fined \$10 and remanded to jail as the result of a controversy between himself and Justice Burdick.

Later, in both instances, sentences were suspended after the justice had interrupted the court proceedings for fully five minutes while he took occasion to express upon the mind of the attorney that the dignity of the court must be upheld under any and all circumstances.

In the opinion of Justice Burdick, Attorney Ross had more than once disregarded the rulings of the court at times when objections by the opposing attorneys had been sustained. In a subsequent statement, Justice Burdick declared he could stand such ignoring no longer, whereupon he gave the attorney to understand that such continued tactics would meet with a fine.

"All right," said Mr. Ross, proceeding with the examination of the witness.

"That will cost you ten," was the retort of the justice.

"All right," responded the attorney again proceeding with the witness concerning the same point in question. "Constable, take that man to jail, and let him stay there until he can understand the full dignity of the court," commanded Justice Burdick, whereupon Constable Twomey started to carry out his orders. Attorney Williams, representing the Territory, intervened, asking for leniency on the plea that such action would be a detriment to the welfare of the defendant. Leniency was granted and court proceeded without further interruption.

After five hours of deliberation the jury in the Ella Saarnen case, charged with beating a board bill, returned a verdict of guilty, the decision being presented to Justice Burdick at 11 o'clock last night. Sentence was withheld, the jury deciding that the penalty should be imposed by the justice. Late last night, Justice Burdick stated he would take no further action until this morning.

Before Justice High, yesterday afternoon, an argument on motion was made in the case of Steinfield & Company vs. George Bukovich and Sam Metrovich for judgment in the sum of \$300. Not being concluded, the argument will again be presented today.

"Here's the money, Judge; will you please give me a receipt for the same?" said an American in the court of Justice High yesterday afternoon upon receiving a fine of \$7.50 after the latter's arrest on the charge of drunkenness to which he immediately plead guilty. The justice was rather non-committal but soon returned sufficient response to leave the receipt. Justice High's next move was to give a Mexican six days in jail for having taken too much "tequila."

When Sam Trochick was arraigned before Judge Hogan yesterday on the charge of fighting, he declared that he had never even had any words. He will be given an opportunity to substantiate his statement before the judge at ten o'clock this morning.

Justice Murphy had a quiet day at Lowell yesterday, having but two cases to dispose of. Two Mexicans, of opposite genders, appeared on charges of fighting, each being quickly dismissed with added fines of \$2.00.

HELPED BAD WOMAN TO ENTER COUNTRY

Mexican Arrested by Immigration
Inspector is Taken to
Tucson for Hearing

Raymond Arroya, a Mexican, captured at the C. & A. mines was placed under arrest yesterday morning by immigration inspector Jones of Naco, on the charge of assisting a Mexican woman of immoral character into the United States, after she had been deported on account of her lack of character.

Arroya was taken to Tucson on the afternoon train where the immigration department will further investigate. One Martini Carrillo is said to be the cause of Raymond's downfall and was also in company of the officer on the return trip to Tucson.

ROY CINE WANTED IN GLOBE IS RETURNED

Deputy Sheriff Frank Haynes of Gila county arrived in Bisbee yesterday afternoon to take charge of Roy Cine, who is wanted at Globe on the charge of embezzlement. Cine was arrested here by Constable Twomey upon the information that he had collected money for a Globe minstrel, which he had failed to give an account for. He will be returned to Globe this morning.

Greatest picnic ever given by the Eagles, at Lewis Springs, Sunday, June 13th. Special train leaves Bisbee, 8:30 a. m. Dancing, swimming and the great Midway. Games of all kinds for prizes. Plenty of refreshments.

Dear Friend:

They have hired me down at the grocery. What do you think I do? Everywhere they put my picture, a new one each time in the paper. My work is to tell everybody where to buy good groceries. I like my place very well because it is a good place where they treat one well.

They treat everyone well where I work, because they carry good groceries and sell them at the right prices.

Your friend,

JACOB.
